

River Park Gardens Newsletter

Dear Staff, Residents, Friends and Families of River Park Gardens,

April 2, 2024

It is with a heavy heart and mixed emotions that I announce my resignation from my position as Clinical Services Coordinator at River Park Gardens. My last day will be April 11, 2024. I have been given the opportunity to continue my leadership journey as the Director of Resident Care and Allied Health at Riverview Health Centre.

The past 5 years at River Park Gardens has been the best and most challenging years of my Nursing career. We have not only survived but thrived through the following times:

A global pandemic that shone a light on LTC and created the strongest team I have ever worked with. The RPG team proved how this is the key to low infection rates and consistent safety for our Residents. So much so that the leadership from RPG presented our success at a Provincial Infection Control Conference last year.

Implementing and achieving 100% for MB Health Standards in LTC. This was a team effort that highlighted our staff and proved the hard work and dedication you have is perfect!

I will always have a special space in my heart for River Park Gardens.

Victoria Marek

Furry Friends

Many of the residents love to have furry friend visitors! If you have a friendly pet that you would like to bring to visit residents at RPG please pick up a pet visitation package from our front receptionist. The package includes our guidelines for pet visits and a registration form. If you are interested in volunteering with your pet to visit other residents please reach out to our Recreation team for more information.
