

Definition/Description:

Staff Participation on Internal Committees

Source:

Various WRHA Staff

Findings/Highlights:

- WRHA sites, programs, and offices have a number of committees, Working Groups, Project Teams, etc on which staff participate.
- The terms of reference, objectives and life span of these groups vary substantially making it impossible to estimate the number of staff who sits on such a group at any point in time.
- Staff participation in Internal Committees is encouraged and supported and often required.
