

*Schedule of Compensation for the Manitoba Public Sector
Compensation Disclosure Act of*

WINNIPEG REGIONAL HEALTH AUTHORITY

December 31, 2018

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Winnipeg Regional Health Authority

Opinion

We have audited the schedule of compensation for the Manitoba Public Sector Compensation Disclosure Act of the Winnipeg Regional Health Authority (the "Authority") for the year ended December 31, 2018 ("the schedule").

In our opinion, the financial information in the schedule of the Winnipeg Regional Health Authority for the year ended December 31, 2018 is prepared, in all material respects, in accordance with Section 2 of *The Public Sector Compensation Disclosure Act*.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Schedule* section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the schedule in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to the notes of the schedule, which describes the basis of accounting. The schedule is prepared to assist the Authority to meet the requirements of Section 2 of *The Public Sector Compensation Disclosure Act*. As a result, the schedule may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Other Matters

The schedule was prepared to comply with Section 2 of *The Public Sector Compensation Disclosure Act* as in effect as at December 31, 2018.

Responsibilities of Management and Those Charged with Governance for the Schedule

Management is responsible for the preparation of this schedule in accordance with Section 2 of *The Public Sector Compensation Disclosure Act* and for such internal control as management determines is necessary to enable the preparation of the schedule that is free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the schedule is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that

includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial information.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the schedule, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
