Adults actively involved in a clinic or program with SLP on staff, should request services through that program.

For clients not actively connected to a specialized clinic or program, a referral may be made to the Speech-Language Pathology WRHA Adult Outpatient Program:

Speech-Language Pathology WRHA Adult Outpatient Program

The SLP WRHA Adult Outpatient Program provides services to adults who are ages 18 years and older and who live within the geographic boundaries of the WRHA. Referrals are accepted from physicians, nurse practitioners and physician assistants. The signed [Referral Form](#) and [Diagnostic Imaging Requisition](#) may be sent to:

WRHA Adult SLP Central Intake

SLP Department, 2109 Portage Avenue, Winnipeg MB R3J 0L3

FAX: [204-831-2953](tel:204-831-2953) Phone Inquiries: [204-831-2526](tel:204-831-2526)

For services outside of the WRHA, referrals can be made to the respective health region.
