

- Napkin colors are yellow, pink, purple, green. You can mix and match or have all different on table.
- Centerpieces have been all different size and shapes of baskets (many were donated, or from Thrift shop and garage sales). Same baskets can be used in summer with flowers or a Christmas with just Christmas balls in the baskets with matching ribbon.
- Have used wrapping paper \$ 1.00 (Michaels) to make placemates or used as runners or use the wrapper to decorate favors.
- Favors have been chocolate eggs from (Bulk Barn) in either small plastic bags (Dollar Stores) or diy paper envelopes or in a plastic egg (Dollar Store or Wal Mart). Eggs, envelopes or plastic eggs can all be coordinated to match the table colors. I have done dinners in all one color or used several Easter colors. Dollar Stores carry bagged novelty stick ons which can be used on your tags. Example shown with the dish cloth (Wal Mart 12 for \$ 4.00)bunnies. Dish cloth wrapped around the plastic egg to form a bunny.
