

# SEPTEMBER

- Using any colors as napkins associated with Fall, - browns, greens, and golden yellow in napkins and use wrapping paper as placemats or a runner on the table.
- Dollar Store sells little leaf stickers or fabric leaves which can be attached to the bands around the colored napkins. Centerpieces could be simply as fallen leaves in a basket. The baskets could have a attached ribbon in same color as napkins. Also use pine cones and leaves, pine cone can again be used at Christmas time. Also wheat or sunflowers can be placed in vases with a bow of matching color to be used as centerpieces.
- For favors I have put 2 maple leaf cookies in small plastic bags and topped with tag. Also have given an apples with a small tag attached and the apples were placed in a basket and centerpiece and attendees helped themselves to an apple. Used small paper pots available at Dollar store fill with munchies and pretzel snacks purchased in bulk from Bulk Barn. Pots can be decorated with tags and ribbon to match décor color.
- Serve fresh garden veggies with meals. Serve apple crisp or apple pie and ice cream for dessert.
- Use specialty paper the advertise monthly events.

HAPPY  
FALL  
Y'ALL
